About Me

I am a motivated 4th-year Computer Science and Engineering student at Southeast University with a strong interest in programming, web design, and computer networking. I have developed foundational skills in C, Java, HTML, MS Word, PowerPoint, and Excel, along with practical knowledge of basic networking and web design. I am a responsible and hardworking individual with good leadership and teamwork abilities. I am eager to apply my academic knowledge and technical skills in a professional environment, gain practical experience, and continuously develop my capabilities in the field of technology.
